

## "Keep Downtown Parker Historic"

**Join neighbors this Monday, May 20, 7 pm at Town Council** (in Town Hall) to let the Council know you support "relocating" planned food bank to a better site. Town Campus, historic downtown area & open land are vital to Parker activities & culture. A warehouse-like food bank does not fit this very public section of Town Campus.

**Parker Task Force is a wonderful organization.** We fully support its mission & efforts, but a the proposed food bank location is inconsistent with downtown. The food bank won't be on the Council agenda, but there is a public comment segment early in the meeting.
